

## SDS in your Local Authority area – how is it going?

### Comparing the progress of implementation

## **SELF-DIRECTED SUPPORT**

A National Strategy for Scotland

### **How is the roll-out of SDS going in your Local Authority area?**

Help us generate lively and useful discussion amongst members!  
Innovative ideas and significant details will be read out and discussed  
at the AGM on Thursday 13<sup>th</sup> November 2014.

Please answer these 4 questions and return this form to Rachel  
Walker from Self Directed Support Scotland by  
Tuesday 11<sup>th</sup> November 2014 using the contact details below.

#### **Tell us...**

- 1) In your opinion, how is the roll-out of self-directed support going in your Local Authority area?

I am aware of one person who is receiving it, other than that non-existent. Been to a few meeting organised by South Lanarkshire Council, managers at all levels talk about it, seen no action

- 2) How flexible is your Local Authority being with individuals' support plans? (feel free to include examples of good and bad practice)

Flexibility is their once the plan is in place. Getting it in place and reviewed is a nightmare.

3) Is your Local Authority and local care provider market able to genuinely offer the Individual Service Fund (Option 2 of SDS)?

As I said the roll out of SDS is non-existent to me

4) Does your Local Authority work with YOUR organisation to influence the way that it is implementing SDS?

Not that I am aware of.
